

OGDEN TO PAYSON BY INTERURBAN

Bamberger Joins Forces With
Utah County People on Project
From Salt Lake South.

INSPECTION TRIP BY AUTO

At Meeting in Provo, Decided to Or-
ganize and Push Work When
Engineer Reports.

President Simon Bamberger of the Salt Lake and Ogden road, accompanied by Consulting Engineer H. A. Strauss, and Messrs. Chipman, Evans, Hayes and others interested in interurban connection between Provo and Salt Lake, spent Wednesday in auto-inspecting through Utah county, looking for possible sources of local revenue in case the much talked of road were built. Mr. Strauss is also president of the Falkenau Electric Construction company of Chicago and it is upon his report, it is said, that the chances of the road will be given the go-ahead by citizens of Utah county and the entire party appeared to be much gratified with the prospects. Mr. Strauss, who was not including Mr. Bamberger, the Chipman-Evans interests first applied for franchises months ago, when the Knight people stepped in and, after subsequently pulled out, and now the original investors, with the Bamberger interests added, are taking the proposition up.

UTAH COUNTY PROMOTERS READY TO JOIN HANDS

(Special to the News.)
Provo, June 2.—It again begins to look favorable for an interurban electric railroad between Salt Lake and Payson. Simon Bamberger, the power interurban railroad builder, took it at the head of the movement this time, and at a meeting held in the Hotel Roberts yesterday afternoon it was decided to organize a company to build the road as soon as a favorable report is presented by the engineer.

Yesterday Simon Bamberger, accompanied by H. A. Strauss, a consulting engineer and president of the Falkenau Electric company of Chicago came to Provo with S. L. Chipman of American Fork, A. J. Evans, of Lehi, and W. L. Hayes of Pleasant Grove. From this point the party went to Payson, accompanied by John D. Davis of this city. At Payson they were joined by George C. Whitmore, of North, and James McBeth of Payson, and on returning to Provo, by R. T. Reynolds of Springville, D. R. Hebe and George H. Brimhall of this city. A meeting was held in the Hotel Roberts at which A. J. Evans acted as chairman and John D. Dixon as secretary and after talking the matter over it was decided to organize a company as the report is received from Mr. Strauss.

It will be seen that, outside of Mr. Bamberger and Mr. Strauss, the persons interested are all of the Evans-Chipman association which came in the field at the time Jesse Knight was contemplating building. George F. Fraley was not at the meeting, but he is one of the Salt Lake hosts, but he will be associated with the company.

BURLINGTON PEOPLE HERE.

The President Burnham, C. E. Spens, general freight agent, and L. W. Ward, general passenger agent, of the Burlington system, have been going over the Midland and will be in Salt Lake, this evening.

RAILROADS FOR ALASKA.

Seattle, Wash., June 2.—Contracts will be let as soon as possible by the Alaska Northern railroad for the construction of 10 miles of railroad running from its present interior terminal into the Matanuska coal fields and to a point on the Sustinia river, in the district of the Iditarod gold fields.

President O. G. Lamberton of the road,

is authority for this statement, and he estimated the cost of the proposed extension today at \$7,000,000.

The road will follow the old survey of the Alaska Northern to Mile 146. From that point one branch will run to the Matanuska coal fields, 33 miles, and the other will run toward Iditarod.

ENGINEERS' DEMANDS.

Representatives of the engineers of the D. & R. G. had a conference with General Manager H. W. Clark Wednesday at Denver, at which they demanded a new wage scale and other concessions from the road. The increase asked was not made public. General Manager Clark will arrange further meetings. One of the reasons given for the demands is the high cost of living.

RIO GRANDE PUBLICITY.

The Rio Grande passenger department has concluded to insert time cards more in the daily papers. The road has issued a handsome booklet on the eighteenth national irrigation congress at Pueblo, Sept. 26-30.

THE MILWAUKEE AFTER LAND.

Chicago, June 2.—The Chicago, Milwaukee & St. Paul railroad has concluded the purchase of 240 acres more ground in connection with its proposed big freight yards near Franklin Park, in Lehigh township, making approximately 380 acres which have been acquired and made matters of records up to date. It also is reported that the company's plan to contemplate the purchase of more land.

CHARLES LARSEN'S FUNERAL.

The funeral of Charles Larsen, the young man who fell dead while playing baseball on the 25th ult., was held yesterday afternoon at O'Donnell's undertaking parlors. There was a large attendance, and many beautiful floral tributes, the kindness and sympathy of the community being prominently in evidence. Many friends and associates of the popular young man followed the remains to the cemetery.

FOR UNIFORM BOOKKEEPING.

Jesse D. Jewkes, state auditor, will visit Tooele sometime this week in the interest of the proposed convention of county officials to be held probably in Salt Lake City beginning July 21. He has already visited several counties, and explained to the officials that the different bookkeeping methods employed by the various counties is a matter of some inconvenience to the state officials. This is so especially in the reporting of tax sale redemptions. Much benefit is expected from such a gathering.

A WOMAN'S GREAT IDEA.

It is now to make herself attractive. But, without health, it is hard for her to be lovely in face, form or temper. A weak, sickly woman will be nervous and irritable. Constipation and kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. But Electric Bitters always prove a boon to women who want health, beauty and friends. They regulate Stomach, Liver and Kidneys, purify the blood, give strong nerves, brighten the eyes, put the complexion, smooth, velvety skin, lovely complexion, good health. Try them. 50c at Z. C. M. HIS VISIT UNWELCOME.

Brutal and cut, showing that he had received all the worst of the altercation that had followed his attempt to enter the home of his divorced wife, Joseph Watkins was a further victim when he was placed under arrest last night on a charge of having disturbed the peace. He was taken into custody by Sergeant Beckstead and Patrolman Pierce at the home of Watkins. The woman's story to the officer, Watkins went to the house last night and began to fight with the two sons when their father, who was with a rake and pitchfork, which they handled effectively. Dr. P. B. Steele attended Watkins in the emergency hospital and dressed his wound.

THOMPSON AND PETE SULLIVAN TO FIGHT.

Thompson and Pete Sullivan to fight to a finish fight at Salt Lake. "Peanuts" Sinclair has not been allowed to enter the ring in Salt Lake. If Mr. Lyon is asked why he will not allow Sinclair to fight here, the county attorney says, "Sinclair fought a fake fight and I will not allow him to fight in my jurisdiction"—just like that, with the upper case of the "MY."

About the time that the Salt Lake Coliseum was leased to R. A. Grant, Mr. Grant came and asked him what objection he had to it. Lyon said that he had no personal objection but he would issue a warrant if a complaint was made. Of course Mr. Lyon will issue a warrant when a complaint is made about the law being violated. If he didn't he would be subjected to be handled under some of the statutes that are better enforced than the one against prize fighting. Lyon took an oath of office that he would enforce the laws and he has no alternative.

After Grant had pulled off his fight at Salt Lake, Manager Hardy Downing went to see Lyon. The county attorney said he did not want to discriminate against anybody and Downing of the Manhattan club was allowed to put off six round fights and arrangements are now completed for a finish fight.

Mr. Lyon still wanted to maintain his position. The Salt Lake Athletic club was organized so he said that he had no personal objection to the club pulling off fights. But, he added, that he would issue a warrant if a complaint was made. Of course Mr. Lyon will issue a warrant when a complaint is made about the law being violated. WHITE MAN'S WAY.

Indian Policeman Stole Letter. Forged Endorsement, Got Money.

Robert Pikyavit, a Plute Indian educated by the government at Grand Junction, learned too well the ways of some of his white brothers, and is now confined in the Salt Lake county jail on a charge of forgery. The Indian was brought to Salt Lake last night by Deputy United States Marshal Lucian H. Smyth.

Pikyavit has been serving as a mounted policeman on the Kaibab reservation for the past year, and among his duties was the carrying of the reservation mails between Kanab, Utah and Mesquite, Ariz., the headquarters of the Indian agent, R. E. Ward. Last September, recognizing a letter in the pouch as being the one which would contain Mr. Ward's monthly pay check, Pikyavit stole the letter and after attracting the warrant, which was payable to R. E. Ward for the amount of \$50, destroyed the envelope. Later the Indian added the letters "to" to the name Ward, and endorsing the warrant "R. E. Warder," cashed it at the store of Whitehead & Sons, St. George. To avoid the necessity of extradition, Pikyavit stole the letter and after getting the Indian across the Arizona line into Utah, from Mt. Carmel, Kane county, Mr. Smyth telephoned Mr. Ward, the Indian agent, to meet him at Kanab, and to bring the Indian along "on a little excursion." All unsuspecting the Indian gladly accompanied the agent and was taken to the store of Whitehead & Sons, St. George, where he was placed under arrest by Deputy Smyth. The prisoner gave Mr. Smyth no trouble and made a complete confession as to his guilt.

Attorney Job P. Lyon Sidesteps Responsibility for Prize Fights

County Attorney Job P. Lyon takes umbrage at the statement of the press and the public in favor of law and order, that he is partly responsible for the prevailing invasion of the pug in Salt Lake City and county.

"I am here ready at any time to stop a prize fight if there is anyone to stop it," Mr. Lyon over the telephone volunteered. "In reference to the man Lewis, I wanted to swear to a complaint against J. E. Langford, manager of Salt Lake, and a number of other prominent citizens, I declined to issue a complaint against them because it was merely a case of trying to get even on a fancied wrong."

Continuing, he said: "If the public wants these fights stopped it is only necessary for a man to produce the evidence that the law is being broken and I will lose no time in issuing a complaint and bring the law into play."

It was suggested that Mr. Lyon could take steps of his own volition to stop a prize fight. Mr. Lyon said: "I have no personal objection to a prize fight, but I will not issue a complaint against a man who is being broken down by a case of trying to get even on a fancied wrong."

County Attorney Job P. Lyon denies completely in the prize fight game jurisdiction. In each case, however, he will admit that the promoters have no objection to him and asked if he had any objection to each particular fight he declined to issue a complaint.

As an answer, Mr. Lyon, said: "I have no personal objection, but I will not issue a complaint against a man who is being broken down by a case of trying to get even on a fancied wrong."
